

LOGISTICS AND TRANSPORT SECTORS

- Implementing the European Agreement on the Work of Crews of Vehicles Engaged in International Road Transport
- The BRICS Expanded Advisory Council for Civil Aviation
- Digital and Administrative Solutions for Road Infrastructure Access, Toll Systems, and its Maintenance. Ensuring a Level Playing Field for all Businesses
- Building the EAEU High-Speed Road Network, Including Toll Roads, by Aligning Union Plans with Neighboring Countries and Forging Efficient New Logistics Corridors
- Autonomous Maritime Shipping
- Safeguarding Marine Ecosystems
- Achieving Maritime Transport Sovereignty or Pursuing Complete Liberalization
- Boosting Domestic and Inbound Tourism via Integrated Infrastructure Development in Airport Catchment Zones
- High-Speed Rail: Pinnacle of Speed and Passenger Comfort

GLOBAL CONNECTIVITY AND TRANSPORT CORRIDORS

- Major Transport Corridors as Engines of Global Connectivity
- Transit Potential of the Russian Federation
- Africa's Transport Routes and Their Integration into Global Networks
- Ensuring Transport Connectivity Between Russia and Africa
- Development of Transport Hubs: Opportunities for Collaboration
- Meeting of the Working Group on the Development of the North–South International Transport Corridor
- The Azov and Black Sea Basin as Russia's Largest Export Corridor. Developing Transport Infrastructure in Southern Russia and Introducing Effective Solutions to Facilitate Global Trade
- The Northern Sea Route and the Trans-Arctic Transport Corridor: Creating a New Logistics Axis for Russia
- Global Expansion of Transport Companies: Strategies, Barriers, and Growth Drivers
- New Horizons: Initiatives by Chinese Graduates of Russian Transport Universities to Deepen Cooperation in the Transport Sector
- Transport and Logistics Infrastructure as a Key Pillar of the Emerging Architecture of Global Trade and Industrial Cooperation
- The Central Eurasian Transport Corridor (CETC): Balancing Supply and Demand
- Partnership Dialogue Between International Road Hauliers
- Freight Transportation: Developing International Transport Corridors and Eliminating Barriers

DIGITALIZATION AND THE FUTURE OF TRANSPORT

- Transport Dialogue Within the Union State: Creating a Unified Digital Airspace for Russia and Belarus
- Technology Projects in Communications and Navigation for BRICS
- Autonomous Vehicles: Revolutionizing Logistics and Freight Transport
- Global Integration of Digital Platforms: Building a Unified Ecosystem for International Logistics
- Multimodal Routes: Digital Tools Enhancing Passenger Convenience
- Automation and Robotization of Road Infrastructure Operations
- The Eurasia Digital Transport Corridor: Synchronizing Transit Flows at the Intersection of the CIS and China via a Single Digital Space
- Digital Solutions for Streamlined Border Crossing Management
- Innovation and Digitalization in the Transport Sector

Meeting of EAEU Member States' Transport Control Agency Heads

Joint Commission for the Implementation of the Intergovernmental Agreement on International Road Transport Along the Asian Highway Network

3rd International Workshop on Transport Education

Meeting of the International Supervisory Council for the Implementation of the Memorandum of Understanding between Transport Regulatory Authorities

Coordinating Transport Meeting of the CIS Member States

Council of Heads of EAEU Member States' Transport Departments

Expanded Meeting of the Coordination Committee for the EATL 1 Railway Route

4th Meeting of the India–Russia Working Group on Roads and Intelligent Transport Systems
